

COURSE PROGRAM
INFORMATION AND COMMUNICATION TECHNOLOGY 1 – (013) – CREDITS: 2
FIRST SEMESTER

SESSIONS PER WEEK: 3 (2 in the lab; 1 in classroom) Your teacher will indicate when the ICT lab is available, otherwise the classes will be taken in the classroom.

PROGRAMMED DAYS OFF: 1 (November 20th)

TOTAL AMOUNT OF SESSIONS IN THE SEMESTER (approximately): 45

Table with 7 columns (Time, Session, Mon, Tue, Wed, Thu, Fri) showing the schedule of sessions and lab availability.

ATTENDANCE

- TOTAL AMOUNT OF PERMITTED ABSENCES: 9 (each missed session is an absence). Being late to class counts as half an absence. Teacher may restrict from entering to classroom when tardy. Students must turn in the official justification note to cancel absence counting. Any missing work must be turned in as soon as possible. Classes taken on first period have 15 minute tardy excuse as long as it is not on a regular basis.

EXPECTANCIES:

- 1. Use English as the language of communication in class.
2. In every case, all students must respectfully address themselves to teachers, fellow students and staff members.
3. For electronic communication, students MUST have a personal email account known by the teacher while the institutional email account is ready to be used. The student MUST notify immediately if the account has been changed as most instructions will be given by this means. All messages MUST be written in English. All electronic projects MUST be sent to chdzpruneda@gmail.com unless otherwise specified. For URGENT cases or any comments from parents use chpruneda@hotmail.com. Any homeworks sent to the latter account will be deleted without notice.
4. NEXUS is the university's learning platform. All students MUST use it to deliver at least one activity and/or solve a test online. Students MUST wait until the teacher indicates when the course will be available for their use and when to submit the mandatory activities. Meanwhile, all students MUST keep their activities at hand for the date to be uploaded. Grades displayed in Nexus and the grades considered for evaluation might be different due to details not taken into account in the assessing rubrics.
5. Activity files uploaded in Nexus MUST be as small as possible (size in MB). All files (documents, presentations, etc.) MUST be converted to PDF unless otherwise specified. In case of images, these MUST be JPG format. In case of videos, these MUST be AVI format.
6. It's mandatory that all students clearly identify their messages and projects. By rule, all email messages MUST have a subject comprised of group number, last names and topic. For example, Juan Rodríguez González from group 155 who sends Stage 4 Activity 3 will use 155-RodriguezGonzalez-Stage4Activity3 as subject to the message. This same structure must be followed when naming files.
7. The student MUST verify that all files are properly attached to the message and that files are sent according to the specifications given in the activity instructions. This recommendation MUST be observed carefully when submitting files to Nexus.
8. In case of team projects, each member of the team MUST have a copy of activity. In case it's delivered by mail, the message subject MUST only include the sender's information, whereas all members of the team MUST be listed on the message section and on the attached document as well. In every case, all members MUST be included on the identification section of the document. No change in teams is allowed.
9. All students MUST keep all electronic messages in their inbox or platform in case some issues have to be cleared up.
10. Students MUST bring all their personal reading and writing supplies to class. Include a pair of earplugs.
